

International Science Group

We invite you to publish a manuscript in a collective monograph on transportation, architecture, astronomy, construction, cybersecurity, computer science, mathematics, physics, chemistry and other technical sciences.

The monograph will be published and posted on the websites until **April 02, 2026** (inclusive) by the publishing house of the United States of America - Primedia eLaunch LLC ([an example of our work with Primedia eLaunch LLC](#)).

International ISBN – 979-8-90214-595-0

Acceptance of materials until March 16, 2026 (inclusive).

The name of the monograph is Technical and computer sciences: modern challenges, innovative solutions at the crossroads of disciplines and multidisciplinary analysis.

Suggested sections:

Air transport
Applied mathematics
Applied mechanics
Applied physics and nanomaterials
Architecture and urban planning
Automation, computer-integrated technologies and robotics
Aviation and space technology
Chemical technologies and engineering
Chemistry
Computer engineering
Computer science
Construction and civil engineering
Cybersecurity and information protection
Electrical engineering
Electronics, electronic communications, instrumentation and radio engineering
Energy production
Information and measurement technologies
Information systems and technologies
Light industry technologies
Mathematics
Mechanical engineering
Physics and astronomy
Railway transport
Road transport
Sea and inland waterway transport
Software engineering
Systems analysis and data science

Organizational contribution:

For participants from Ukraine, the organizational fee for submitting materials to a collective monograph is **UAH 90 per page of text.**

In the case of submission of materials for a collective monograph with a volume **of 1.5 printed sheets or more, the fee will be UAH 70 per page of text.**

International Science Group

General requirements for registration:

1. The participant can present several reports for inclusion in the monograph ;
 2. The maximum number of authors of one report is five;
 3. The minimum number of pages is fifteen;
 4. Text format – Microsoft Word (* . doc , * . docx);
 5. The language of the text - Ukrainian, English and others;
- Materials from representatives of sanctioned countries are not accepted, as well as materials written in the language of such countries.
6. Orientation – portrait only , landscape orientation is prohibited;
 7. Page – A4;
 8. Margins (top, bottom, left, right) - 2 cm;
 9. The font is Times New Roman , size (pin) – 14;
 10. Line spacing – one and a half, paragraph 1 cm;
 11. The structure is an arbitrary presentation of the material in the form of a complete text of scientific research. The elements of the introduction, analysis, etc. , inherent in the article, are not formed.

More detailed information on the design of the study:

An example of a manuscript design can be downloaded [from the link.](#)

1. At the beginning of the work, the following is indicated in the upper left corner:
 - the name of the TNR monograph, pin 11-14.
 - the section to which your work belongs, you can find it out on the page of the planned monograph or in the information letter.

Example:

Title of the monograph - Technical and computer sciences: modern challenges, innovative solutions at the crossroads of disciplines and multidisciplinary analysis;
Section - Cybersecurity and information protection.

2. Under the section in the center of the page - the title of the work, font bold, TNR, pin 14, in capital letters.

Example:

PEDAGOGY IN MODERN CONDITIONS

3. Surname and first name of the author(s) with a superscript index. Name of the author(s): pen bold, pen 14, small letters, (justified on the right edge). Affiliation of the author(s): font TNR, pin 11. The affiliation of the authors indicates: place of work or study in the nominative case (department, institute, faculty, university, etc.) , city and country.

Example:

Vladlenov Denys ¹, Ivanov Petro ²

¹Department of, National University, Ukraine

² Department of, Faculty of, National University, Ukraine

4. The main text is typed in TNR font, point 14, paragraph - 1.25 cm, interval 1.5.
5. Design of the table: font TNR, pin 11-14. The name above the table (Table 1. Table name) is oriented on the right edge. In the text before the table, there is a link to the table (text text text the text of table 1.).

International Science Group

Example:

Table 1.

name name name name name name name

parameter name	parameter name	parameter name	parameter name
1	2	3	4

If necessary, make a continuation of the tables according to the sample:

Continuation of table 1 .

parameter name	parameter name	parameter name	parameter name
1	2	3	4

6. Drawing design: each drawing must be signed and numbered. The text of your work must contain a reference to the figure, after which the figure itself is placed, and the inscription below it (for example): Figure 1. Name name name name

Figure 1. Name name name name

7. Reference list: The reference list is formed in any style at the discretion of the author in the order of mentioning the source in the text. A general list of references for the entire work will be formed in the monograph. All the sources indicated in the subsections will be changed according to the general end-to-end numbering.

Submission of materials:

1. Materials are sent by e- mail mono@isg-konf.com . Sign the file name according to the example: Materials_Petrov .
2. After receiving your materials, we check them, edit them (if necessary), agree with the author. After that, we accept the payment.
3. The name of the collective monograph must be indicated in the subject of the letter.
4. Published collective monographs are freely accessible on the website, authors and all other users have the opportunity to download relevant monographs on the page - <https://isg-konf.com/uk/monograph-archive/> .
